OUR BRANDS

OUR STORY

Our journey in Health and Safety started in 1997 with the vision of making Health and Safety Compliance affordable for all employers in South Africa.

In 2017 we revisited our true Purpose and Core Values and together with our Employees, we workshopped what MAKROSAFE and SafetyWallet's Core Purpose and Values should be. Besides being distinctive in our vision of 1997 we created a framework for our actions.

Our PURPOSE and VALUES guide everything we do, including how we interact with our employees, how we interact with our customers and community, and how we interact with our partners. As we grow, our Vision and Mission may change, but our PURPOSE and VALUES will remain the same.
